minutes excerpted from last meeting
Melissa excerpted.

Chief

Invoice for Bergeon Equip for
turn out gear for Toni Tuttle

2. Truck charging station will
come out of Fire Equip \$414³⁵

3. M&S Thermal camera's
This will go under seats in Truck
If he has the budget he
will order 1 more \$730⁰⁰

4. Personnel Form: Jason Colburn
is a full Captain now, starting
8-1-21, no longer on probation

5. SOG's section 2.5 of membership
of 50% is for association
members only.

2

Never had a requirement for
the fire dept.

Active members non-officers
is 12 miles
Officers is 9 miles
New member 12 miles

pg 5 SOG's 4.4 (section)
2018 all members was 10
mile radius from village
it was never changed in SOG
guidelines, per Fire Chief
over looked.

6. Update on R12 North, per
the chief, the road may
not open until winter. It
seems that the road is still
splitting apart.

Still are in close contact with
Charlestown Fire, for support
either way, due to rd closure

7. 2 spare air packs will go out
for service.

8. Siren for engine 1 will go out for repair, ? how long will the siren be out of service. (Don't know).

9. Still working on status of engine 1 to go out for repair

10. Going to charlestown for fuel, will be more time consuming, and usage of fuel

?? Does mr Bill have the contact for Cota-Cota fuel tanks. We might have to change pump stations for a while.

Chief will also look at Town Barn in Drevsville for fuel
This might help, with Rt 12 closed.

11. Old siren from old engine 1 will be donated to Alstead Fire, Commissioner agreed.

11. Fire/Rescue officers discussed duty crews in insure coverage for the village They will remeet this weekend for further discussion.

* Jason and chief will cover at night

12. Commissioner Amond asked the Chief, the remaining questions

13. Who is the Fire dept Safety officer. None ~~at~~ at this time

14. Who is trained on the boat.
Chief, Jason. Mike. Toni
Mike Pecor is still doing driver training
Engine 1 trained for driving
Jason, Chief.

15. Who is pump trained
Everyone
Are they taking the Basic Pump Training classes or training being held at the Station
In house, lot more one on one training

16. Who is on the Rescue ^{EMT} ^{trained}
Chief, Janice

Janice and Melissa, can't afford
the test costs of \$80 per
person.

Pat, stated the village will pay
for them to take the class.

EMR. training, most fire
fighters are still taking this
class. in house.

17 Do you have to be trained
to give Narcan.
only medical (EMT's) Chief, Janice

Janice doesn't drive Rescue or
Brush truck.

18. A TV trained
Chief, Jason, Randy, Toni, Toni,
Mike Pecor

Driver training on fire trucks. they
will have to navigate Vine st.
before passing.

5 times out driving, then can
get signed off. Has to also pump
truck. ~~can know~~ and know where all the
equip is stored

Water Department

19. Great job done in paving Taylor, Kilburn, Willow, Forest Streets.
They layed $1\frac{1}{2}$ inch base down.
20. Training for Requirements to keep his water operator license
- | | |
|---------------|---------|
| Suncree. | Sept 14 |
| Chesterfield. | Nov 16 |
| Enfield | Dec 7 |
| Hinsdale | Dec 16 |
- 6 hour classes, per class taken.
21. Birch St road repair
Town dumped stones to fill in the wash out.
22. who approved the work on Cold River, behind cubachons
Driving wood posts into side (bank) of river, then taking the other logs and, building a wall to prevent further flooding.

23. Met with Ethan, Sam from
Simpson Wesson.

3 Construction Companies showed
up for walk thru

Request for walk thru for other
companies bidding on project
will have to ~~call~~ call to set
up appointment, they will also
have to contact Ethan, Wes

With Covid, materials for
this project may be held up
till Spring.

Bids open Aug 31st 10 am. at
Village Town Hall.

DES denied temp discharge permit
cause 1-4 Dioxene

Discharge water can transfer to
~~hazardous~~ hazardous waste site or
putting discharge thru carbon filter
pre ~~filters~~ filters to handle solids
and rest on the ground.

8

Geosphere. Contractor for Carbon Filters. Pat will contact DES to find out if this is the way we are going.

24. Water bills coming in slow. Bruce Secovey called on water bill. he lost his.

25. Walked thru library. missing window cranks. so are stripped. Pat explained how to remove the window crank to open other windows.

Fire Extinguisher is OK. and looked at by Fire Dept every year. Pat, Celeste did walk thru

26. Water tank. our 2 reservoirs. the rain didn't wash out the road. road looked good per Bob. Water berms are working.

27. Dirt on rd wash out from Mc Cormick rd onto Main St and across into the yard across

the street on main St.
What is the town going to do
with all the dirt and what
is the fix for this

Complaints on this problem.
Town Selectman need to
review.

Per Bob, the gate at the end
of East St now has a rd
to get around the fence. per
Water Dept and Commissioner
request a huge boulder on the
side to prevent this.

28. Brought up per village request
if the monomment that sits
out front of the fire station wanted
to know if it can be moved to
the NW village park.

per Commissioner they would like
to have the monomment stay where
it is.

29. per village residence wanted to
know why we can't reopen

the two wells that were capped.
East St well was filled in with cement. the other one on the way up to our two reservoirs has been addressed by DES, very costly. to reopen and the state doesn't like to reopen closed wells.

29. Village residence are wondering were the police department is. haven't seen any presence on Rt 12 or in the village.

30. Went into non public at 8:09 present was: Pst. Celeste, Melissa and chief.

non public closed at 9:23

↗ yes. that was fun
